

Who are we

SilverGenie is a full-stack, broad-spectrum smart aging startup providing advanced healthcare assistance for seniors.

As a gender-inclusive service provider, we strategically reshape the elderly healthcare landscape in India, positioning ourselves as a leading player in the care economy.

What we do

We help senior citizens to lead a full, healthy and independent life with the assistance of digital health technologies and manpower support.

We provide compassionate and competent care that is consistent and gives positive results. We are a one-stop platform to improve the lives of seniors in India and abroad.

Impact driven through enhanced patient outcomes

Words from our happy & satisfied senior care patrons from India & abroad

I saw considerable change in my cholesterol that dropped from 160 to 116, HbA1c that reduced from 8.20% to 7.40% & FBS came down from 163 to 120 units.

**Senior Lawyer
Kolkata**

My high level of diabetes (600+ mg/dl) was controlled without heavy dependence on medicines.

**Ex-Vice Chancellor
Guwahati**

Thanks to team SilverGenie for their timely support provided to my father in India at the time of emergency. They not only provided personal assistance to him during the treatment but also while recovering.

**SilverGenie Patron
Vancouver, Canada**

I am able to monitor my fitness better & my glucose fasting came down from 161.82 mg/dl to 88.42 mg/dl. HbA1c reduced from 9.00% to 8.30% & cholesterol reduced from 282.64 mg/dl to 99 mg/dl.

**Home Maker
Mumbai**

Our sincere thanks to the entire SilverGenie team for all care and convenience provide and continued support to my parents in India. Have also referred SilverGenie to one of my friends in Delhi.

**SilverGenie Patron
Singapore**

SG's constant follow-ups & guidance helped in blood glucose (fasting) reduction from 180 to 130 units & my HbA1c lowered from 7.2% to 6.2%.

**Business Leader
New Delhi**
